Health and Wellness

Whether you are looking to stay for the day or just a couple of hours, your family is welcome to bring a meal or snack and eat together with other families in our kitchen. We are not an allergy free site. Please notify our team if you or your child has severe allergies so we can notify the families on site during the day of your visit.

We try to minimize illness by practicing good hygiene and disinfecting toys regularly. Children who are too ill to play, to attend childcare, or to attend school are too ill to come to the EarlyON Child and Family Centres. We follow Public Health guidelines and ask that you return to the centre after he/she is free of diarrhea and/or vomiting for 24 hours. Many babies and very young children attend the EarlyON Child and Family Centres and these children play and learn by mouthing objects. If you or your child shows signs of high fever, vomiting, diarrhea or other contagious illness you will be asked to leave the centre until you are well.

Social Media

We would love to connect with you and your family on social media! If you take a picture of your family enjoying our sites, please share the picture with us on-line. Ask questions, share your experiences and receive up to date information about programs and resources for your family.
